Stros 2000 Mastclimber x 10

Year Mnfr	1998 - 2000	Power	220 / 440Volt -3 Phase
Capacity	Up to 4,400 Lbs	Lifting Speed	25 ft/min
Platform length	34 ft single	Platform Height	100 ft

When a tough job demands fast, efficient access, then the Stros S4000 mast climbing work platform is the answer. The Stros S4000 offers workers unobstructed access to exact job locations plus ample room and stability for heavy loads. The Stros S4000 comes complete with a special mobile site trailer for easy transportation and pedestal base for tight spaces. Each trailer is outfitted with four wheels and 4 rugged telescopic outriggers to allow the Stros S4000 platform to free-stand up to 45 feet and easily change locations during multi-position projects.

The Stros S4000 offers a lifting capacity of 4000 lb, with a maximum platform length of 45 feet its robust construction allows it to be fitted with front and rear extensions up to 9 feet, allowing the Stros S4000 to fit the contour of any façade. Ideal for higher jobs, 2 platforms can be fitted to one mast to give double the work area.
