Year of Manufacturer	2001	Power	Gasoline
Capacity	3,000 Lbs	Lifting Speed	12 ft/min
Platform length	28 ft	Platform Height	60 ft

Customer owned, this Fraco 3000 has only seen limited work, describe as in excellent condition offer a great deal and is available now for immediate delivery, separately or as a package.

FRACO'S FRSM-3000 Hydraulic Mast-Climbing Work Platform is a surprisingly powerful and efficient tool for all contractors who want to lower their costs and become more productive and profitable.

Increase your earning power by 30-40% with this towable self-contained platform! Each unit can carry up to 1,360 kg (3,000 lbs.) of LIVE load! Highly flexible on its freestanding trailer, the 3000 is perfectly designed for working heights of up to 11 m (35 ft) without being anchored to the wall.

Separate or joined together with bridges to almost no limitation of length, the FRSM-3000 can sit on a standard or customized base.

Sturdy mast sections, adaptable bases and reliable ties let you work at more than 100 m (330 ft) high; it will undoubtedly make your business reach new heights. The strong wall tie system can tie to anything, from concrete, brick or block to steel structures.
