The Fraco 8000 units are some of the best selling units we have, retaining their price over years of great service. Complete with pedestals and free standing bases, 70 mastsections in total offers great options. Bridges and decks are available to suit your project. Designed to fulfill your needs, FRACO'S FRSM-8000 Hydraulic Mast-Climbing Work Platform is a surprisingly powerful and efficient tool for all contractors who want to lower their costs and become more productive and profitable. Increase your earning power by 30-40%! Extended possibilities!

Sturdy mast sections, adaptable bases and reliable ties let you work at more than 168 m (550 ft) high; it will undoubtedly make your business reach new heights.

Prestigious projects require the best! Whether it is the Pentagon (Washington, DC), the World Trade Center (Boston, MA), or the American Airlines Center (Dallas, TX), The 8000 will achieve outstanding performance to fulfill your needs.

Call early to place your order to avoid disappointment .
