Powerclimber Astros Swing Stage X 10

Year of Manufacturer		Power	Electric
Capacity		Lifting Speed	ft/min
Platform length	ft	Platform Height	100 ft

Located in Brisbane Australia. These customer owned swing stages are complete and ready. Offered to be shipped to you at your location.

Power Climber is a world leader in the manufacture and distribution of high quality traction hoists and suspended access systems. Through a fully trained international distributor network, Power Climber provides you with the best equipment and service available to meet your access requirements.

The Astro Hoist is a compact, heavy-duty hoist ideal for use in virtually any suspended scaffolding application.

- Lightweight and Compact: Fits through an 18 inch opening
- Quadrant Drive: Minimizes power requirements
- Self-Reeving: Reeves smoothly and quickly through the hoist
- Versatile: Multiple lift capacities and power source options
- Modular Construction: Allows for flexibility of change
