Lifting capacity	2 200 lb	3 300 lb	4 400 lb
Persons allowed max.	12	15	24
Platform dimensions	59 in. x 86 in.	59 in. x 86 in.	59 in. x 86 in.
	59 in. x 126 in.	59 in. x 126 in.	59 in. x 126 in.
	59 in. x 165 in.	59 in. x 165 in.	
Anchoring distance	39 ft.	39 ft.	39 ft.
Lifting speed	78 ft. / min.	78 ft. / min.	78 ft. / min.
Voltage	480 V - 60 Hz	480 V - 60 Hz	480 V - 60 Hz
Motor capacity	2 x 2-speed motor 9,6 kW	2 x 2-speed motor 9,0 kW	2 x 2-speed motor 15,0 kW

DE JONG HOLLAND, RAISING THE STANDARD!

FEATURES OF THE NEW SERIES

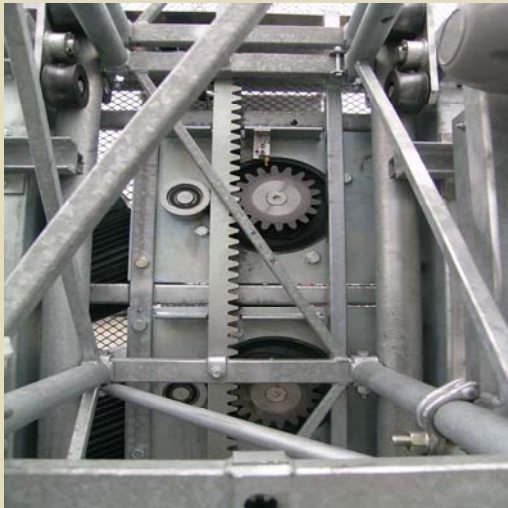

PT PASSENGER / GOODS HOISTS

These machines can be distinguished by convenience and solidity and are extremely suitable to transport people and materials to any desired height in a safe and efficient manner.

By means of a partially open cabin, goods and persons can be transported with a lifting speed of 24 m/min.

Platform build-up sets

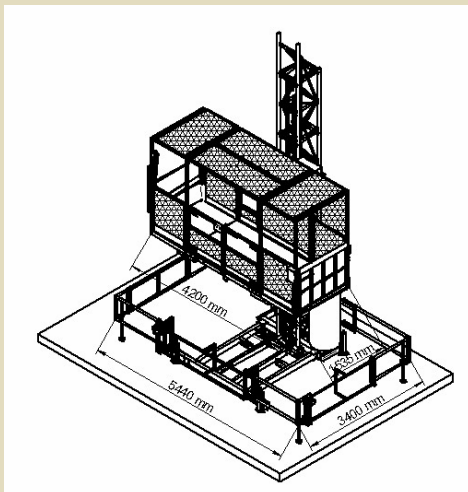

By using the unique additional build-up sets the platform dimensions of the PT 1500 series can vary from 2.20 x 1.50 meters up to 4.20 x 1.50 meters, so that even the largest goods can be transported safely to any desired height.

With the possibility of front-loading, one can easily place entire pallets on the platform by using for example a fork lift.

These machines are the ideal tools on any modern building site.

MINIMAL MAINTENANCE REQUIRED
