

HYDRAULIC MASTCLIMBERS

7,000 – 10,000 LBS

OUR RENTAL FLEET

At Mastclimbers LLC we can offer you solutions from our comprehensive fleet for your projects. We know that every project requires a different approach and, with our wealth of experience with a large range of mastclimbers over a large range of projects, we are confident we can find the best solutions for your trades. These heavy weight mastclimbers, 7,000-10,000lbs capacity, are the perfect solution to those projects where you need more capacity or longer platform lengths. Available with gas, diesel or electric power, these units can be mounted on a pedestal base or on mobile free standing bases and are available in single or twin masted configurations.

Our promise

All of our equipment is fully checked and serviced before we deliver to a customer. Service and maintenance is carried out according to a manufacturer's guides. We strive to keep breakdowns to a minimum and when they do occur, we aim to mobilise within 24 hours.

We ask that you complete your daily checks before operating the unit and ensure that all areas are greased as per the manufacturer's recommendations. We also request that you make the units available for any scheduled maintenance during the rental period.

Expert service

At Mastclimbers LLC we are passionate about solving your construction dilemmas. With decades of experience, we know exactly how to address the needs of each and every client we work with.

Our range of mastclimbers is vast, from the ultra-lightweight electric units so common in Europe, to the heavyweight hydraulic goliaths of North America. This wide choice continues to provide our customers with greater options and greater opportunities for improved efficiency and, ultimately, greater profits.

But it doesn't stop there. Whatever machine you decide to rent from us, whether your rental is for a commercial or industrial application, we have a huge range of optional extras to suit. These include gates, permit applications, monthly service contracts, common towers, run backs, shoring, steel plate mounts, loading docks, and solutions for special applications.

Training

At Mastclimbers LLC we offer comprehensive and thorough training aimed at a wide-range of skill sets. Our top quality training programmes are verified by the International Powered Access Federation (IPAF), and includes installer training for mastclimbers, hoist and mastclimber operator training, rigging and handling courses.

Special Projects

Mastclimbers LLC welcomes all special projects, regardless of the difficulty of your project we will endeavour to find a viable and economic solution to any vertical access issue you have. Finding solutions is our business, no challenge too great, no project too small.
